# Main Triggers to Inform a Decision to Move into Next PCOR Level

## Medical Data

**Cases**: Statistical data relative to positive cases of COVID-19 on Guam.

**Hospitalization**: The level of hospitalized individuals due to COVID-19 at the Guam Memorial Hospital Authority and the Guam Regional Medical City.

## Public Health Preparedness

**Testing**: Guam’s testing capacity and capabilities.

**Contact Tracing**: DPHSS capacity to conduct adequate monitoring of COVID-19 cases and tracings of their contacts.
WHEN?

TRIGGERS TO INFORM A DECISION BASED ON MEDICAL DATA AND PUBLIC HEALTH PREPAREDNESS CAPABILITIES.
Triggers to Inform Decision to Move from PCOR1 to PCOR2

- **CASES**: Downward trend of confirmed cases and a downward trend of positive tests as a percent of total tests over a 14-day period, utilizing a 5-day rolling average; and
- **HOSPITALIZATION**: Guam hospitals are able to treat all inpatients without resorting to alternate standards of care due to COVID-19 cases; and
- **TESTING**: Guam has the capacity to test all people with COVID-19 symptoms; and
- **CONTACT TRACING**: The DPHSS has the capacity to conduct adequate monitoring of all COVID-19 cases and tracings of their contacts.

Triggers to Inform Decision to Move from PCOR2 to PCOR3

- **CASES**: Downward trend of confirmed cases and a downward trend of positive tests as a percent of total tests over a 28-day period, utilizing a 5-day rolling average starting from when PCOR 2 declared; and
- **HOSPITALIZATION**: Guam hospitals continue to be able to treat all inpatients without resorting to alternate standards of care due to COVID-19 cases; and
- **TESTING**: Guam continues to have the capacity to test all people with COVID-19 symptoms AND the availability and affordability of rapid and reliable testing of travelers as it relates to quarantine requirements.
- **CONTACT TRACING**: The DPHSS continues to have the capacity to conduct adequate monitoring of all COVID-19 cases and tracings of their contacts.

Triggers to Inform Decision to Move from PCOR3 to PCOR4

- **IMMUNITY**: Ability to confer adequate immunity on Guam either by mass administration of an FDA authorized SARS-CoV-2 vaccine, if ever developed, OR by the confirmation that enough herd immunity has developed, via natural disease and recovery, to prevent another outbreak.

* New positive case variations that stay below 5 per day may still be considered a stable state of the pandemic.

HOW?
RESPONSIBILITIES OF BUSINESSES/NGOS, GOVERNMENT, AND INDIVIDUALS DURING EACH PHASE OF RE-OPENING.
Responsibilities During Re-opening
(Use Time During PCOR 1 to Begin Planning)

Businesses/NGOs

Adjusted operating guidelines to be submitted by industry representatives to the DPHSS prior to business opening, based on USDOL & OSHA guidance on preparing workplaces for COVID-19 as well as industry best practices.

Limited occupancy rate will be established.

Certain public gatherings or congregations for specific purposes will continue to be prohibited.

Face masks* and social distancing are required at all times, and special accommodations should be made for vulnerable individuals.

Government

To lower the risk of spread of COVID-19, customer-focused and commerce-related services and activities must be adjusted to incorporate:

1. Social distancing mandates
2. Physical workspace modifications
3. Training of employees on updated policies and protocols
4. Other actions deemed necessary by each agency.

Continue practicing good hygiene (i.e. wash your hands with soap and water or use hand sanitizer, avoid touching your face, sneeze or cough into a tissue or inside your elbow, disinfect frequently used items and surfaces as much as possible.

People who are sick should stay home and/or contact and follow the advice of your medical provider.

Individuals

* Continue to adhere U.S. Centers for Disease Control and Prevention guidance, particularly with respect to face coverings.
ROLE OF THE DEPARTMENT OF PUBLIC HEALTH AND SOCIAL SERVICES

THE DPHSS WILL ADVISE AND INFORM THE GOVERNOR ON EMERGING MEDICAL DATA AND PUBLIC HEALTH PREPAREDNESS RELATED TO THE TRIGGERS.
